For: A METHOD AND APPARATUS FOR INTEGRATING A DIGITAL CAMERA
USER INTERFACE ACROSS MULTIPLE OPERATING MODES

Honorable Commissioner of Patents and Trademarks
Washington, D.C. 20231

AMENDMENT B UNDER RULE 116

Sir:

In response to the Final Office Action dated November 5, 1999, please amend the
above-identified application in the following manner:

IN THE CLAIMS

1 (Twice Amended) A method for integrating a user interface across multiple operating
modes of a digital camera having a display[, wherein when the digital camera is placed into at least
two of the multiple operating modes, mode-specific items corresponding to that mode are displayed
on the display, the digital camera including] and a first button and a second button [for interacting
with the multiple operating modes], the first button having a first orientation and the second button
having a second orientation, the method comprising the steps of:

I hereby certify that this correspondence is being deposited with the United States Postal Service as first
class mail in an envelope addressed to Commissioner of Patents and Trademarks, Washington, D.C. 20231, on
January 14, 2000.
